ABHISHEK KUMAR

abhishek890.kr@gmail.com | +91 7480860225 | LinkedIn | GitHub | Portfolio

Objective

Motivated Software Engineer with skills in web development and Testing, focused on building reliable and user-friendly applications. Dedicated to ensuring high-quality Software through effective validation and bug resolution.

Education

Sant Longowal Institute of Engineering and Technology **(Punjab, India)**

Bachelor of Engineering in Computer Science and Engineering **CGPA: 8.20** **(2022 – May 2025)**

Diploma in Computer Science and Engineering **CGPA: 9.04** **(2019 – May 2022)**

Experience

IRCON International Limited **(June 2024 – July 2024)**

IT Intern (Onsite)

- Conducted **cross-browser and responsive testing** on React.js and Tailwind CSS, web interfaces, identifying UI/UX inconsistencies and accessibility issues while validating functionality across devices.
- Collaborated with developers to **detect, report, and resolve bugs**, **preparing technical reports** ensuring scalable, reliable, and high-performance front-end solutions.

TeejaSoft **(March 2025 – Present)**

Software Engineer (Onsite)

- **Developing and testing** frontend modules for SmartStock using React.js, Tailwind CSS, ensuring features meet functional, performance, and usability requirements.
- **Implementing and validating** dynamic workflows such as category filters, custom unit handling, and real-time stock updates, actively identifying and resolving issues for reliable inventory operations.

Projects

Chat-App (Full Stack Messaging Platform, 100+ Users) **Live**

Tech Stack: React, Express.js, MongoDB, Socket.IO, JWT

- Built a real-time chat app handling **100+ messages daily** using **Socket.IO** for instant communication.
- Developed a **secure authentication system** using JWT and bcrypt for **enhanced security**.
- Conducted feature **verification for profile updates, theme selection, and settings to ensure bug-free, user-friendly** operation.

Skills

- **Programming:** Java, C++, SQL
- **Full Stack:** HTML5, CSS3, React.js, Node.js, Express.js, REST APIs, Tailwind CSS
- **Testing Tools & Concepts:** Manual Testing, Selenium Testing, Postman, JUnit, TestNG, API Testing, Bug Reporting, Test Case Design, Regression & Smoke Testing
- **Databases:** MongoDB, MySQL, PostgreSQL
- **UI/UX Tools:** Figma, Canva
- **Version Control:** Git, GitHub
- **Soft Skills:** Critical Thinking, Teamwork, Documentation, Time Management, Decision Making

Achievements

- **Smart India Hackathon 2023 Qualifier:** Designed and developed an innovative tech solution addressing a real-world industry problem.
- Worked with **ZIRA cybersecurity tools** to analyze system vulnerabilities, detect potential threats, and strengthen application security during testing phases.
- **Coordinator – TechFest 2024:** Led a cross-functional team to organize design and technical events, managing end-to-end logistics, coordination, and seamless communication across departments.
